TikTok Verification Requirements

1. **Activity**: Your account must be active, having logged in within the past 6 months.

2. **Authenticity:** Your account should represent a real person, business, or entity.

3. **Notability:** You must have coverage in multiple news sources (excluding press releases and paid media).

4. **Completeness:** Your account must be public with a fully completed profile.

5. **Uniqueness:** TikTok typically verifies only one account per entity, with some exceptions.
