

HOW TO HIDE AND CALL WITH PRIVATE NUMBER WITH SAFARICOM KENYA

1. Using a Private Number Call Code #31#

The universal code for making private calls in Kenya is #31#. This simple prefix works across all networks and is the most direct method to hide your caller ID. Here's how to use it:

1. Start by dialing #31#
2. Immediately follow with the recipient's phone number
3. Example: #31#0722XXXXXX
4. Press call

2. Turning Off Caller ID from Settings For iPhone:

1. Navigate to Settings
2. Select "Phone"
3. Find "Show My Caller ID"
4. Toggle the switch to disable it

3. Turning Off Caller ID from Settings For Android:

1. Open the Phone app
2. Tap the menu icon (three dots or bars)
3. Select Settings
4. Look for "Additional Settings" or "More Settings" or "Supplementary Services"
5. Find "Caller ID" or "Show Caller ID"
6. Change from "Network Default" to "Hide Number" or "Never"
7. That's it! You can now make your calls anonymously.
